Supercharge Midwinter with BarberCon!

Harmony University presents a new experience for acquiring barbershop super-powers: BarberCon! It's like ComiCon without the Spandex, but with the straw hats: booths, kiosks, and spaces where you can get bitten by the radioactive spider* of harmony.

Pick your superpowers

Learn a tag
Get a vocal alignment check
Test drive cool barbershop apps
Sing with a champ
Listen to great quartets face to face
Shoot lasers from your larynx** (subject to Tim Waurick availability) … PLUS mysterious powers to be revealed!

Pick your super-team

Quartets: The Ladies, Take 4, One Foot In the Stave, First Take
Mad professors: the Enigmatic Steve Scott, Steve Tramack, Steve Austin, Steve A. Dore
Ultra-Villians: the mustachio-twirling Brent Suver
And a veritable LEGION OF SUPER-HEROES

SPOILER ALERT: Prepare yourself for the strangest hero of them all!

And it's ONLY at the Midwinter Convention!

* Note: Not actual radiation; not an actual spider; not an actual bite.

** Not actual lasers; not actually from your larynx.

Society Board seeks candidates for 2024

Nominations are now open for election of the 2024 Board of Directors of the Barbershop Harmony Society. For our Board to reflect who we are and who we wish to become, the Nominating Committee is intentionally working to recruit people who previously might never have considered themselves for the role, whether from demographics (age, gender, heritage) previous barbershop experience, or simple lack of connections throughout the barbershop world.

Applications will open February 1, but to lower barriers to applying, you're invited to schedule a brief conversation in advance to explore your own possibilities.

Mein stein

A red solo cup is great as a country music song or for a cappella percussion, but it's a precarious drink holder when the tag session is roaring hot. Protect that golden vocal enhancer in this wide-base, sturdy stein that celebrates both your favorite ale and your favorite singing club.
