BARBERSHOP NEWS

All ages, all styles light up Midwinter

One hundred years of great music poured out from the hearts and lungs of singers from early teens to upper eighties — *and it all made sense*. Young people told their truths of making sense of their place in the world. Older singers sang with the passion of lives enriched by experience. Hijinks, romance, joy, community — it was splendid.

Check out [a few early releases](#) from these highly ranked performers. (*Livestream subscribers are enjoying their exclusive access to full shows for another few weeks.*)

- Chorus crown goes to Dixie Seniors
- Blue Valley Chorale named Junior Varsity audience favorite

Harmony University Scholarships expand access to premium education

The week-long Harmony University experience encapsulates the Society's entire mission to bring together people in harmony and fellowship. At HU, we both feel the joy of the moment, and propel it forward by providing in-depth education in every aspect of making and sharing our distinctive close-harmony vocal music.

[HU Scholarship programs](#) help make this pinnacle education event accessible to more people and support more singing communities. The art form grows when more directors can deliver a great weekly chorus rehearsal; when young singers find themselves blending voices and lives with their peers; when quartets learn to deliver authentic, celebratory and moving performances; and when the rich history and culture of barbershop are renewed and shared with friends worldwide.

You might be a scholarship candidate. Check out the tens of thousands of dollars' worth of scholarships underwritten by generous donors to BHS, and start your application today!.

HU faculty: Barbershop's All-Star Team

Nowhere can one find greater expression of the giving culture of barbershop than in the [roster of All-Star faculty](#) who will teach at Harmony University this summer.

[Look at this world-class lineup:](#) World-class singers. World-class directors. World-class arrangers. "World-class" meaning, "People fly these folks around the globe to teach, because they are distinctively brilliant."

For any aspect of barbershop, one could ask, "Who are the top five experts in ___?" — and at least one is on this list.

You can get a full week of learning from them at Harmony U!

SONG OF THE WEEK

A Wink And A Smile

arr. Kim Brittain

Jaunty, bouncy, catchy — add your own words for fun! This easy-beat, playful love song is best known as a Harry Connick, Jr. hit from rom-com fave *Sleepless in Seattle*. Works great for all ensembles in shows and contests, and offered in all voicings, with tracks!
