JULY 28–AUGUST 4 • DENVER

To coach or to be coached? HU, either way!

The most powerful and essential force in the Barbershop Harmony Society is the accumulated knowledge shared by its passionate volunteers. Nowhere is that more evident than at [Harmony University](#), where best-in-class instructors pour out the entire world's barbERshop wisdom for all takers.

The [HU School of the Performing Arts](#) gives choruses and quartets access to superb coaches for an intensive week of growth and transformation. HU 2024 at the University of Denver will welcome Central Standard, Northwest Sound, and The Timberliners, all A-level groups seeking to take that next step forward.

Nine quartets have already registered for the Quartet Coaching track, and a waitlist is open for additional slots on demand. (Email harmony@barbershop.org if you're interested.)

Want to become a coach yourself? The [Coaching College](#) at Harmony University offers practical experience to hone the skills that help you help others reach new musical heights. All levels of experience are welcomed!

Get Ready arr. Jim Henry

More Motown groove from Smokey Robinson! The propulsive bass clef keeps this Jim Henry arrangement moving. Don't be surprised when Boomers in the audience start dancing!
