Youth in Harmony Chair
jon.schmidt@datasuccessinc.com

Project Description

The West Central Connection Chorus will be hosting our 10th Youth in Harmony event on February 2nd 2019 at the Willmar MN, Senior High School. Our program will start at noon and conclude with a free performance at 7:00 p.m. We have reached out to all local area Choir directors to invite young men interested in a fun day of singing a cappella music together with their peers and our chorus. All youth that sign up for the event will be supplied with learning tracks and sheet music to better prepare for the day. We will provide the students with snacks, a meal, and a t-shirt to wear at the performance. We will start with warmups with our highly qualified clinician, Pete Benson, and then we will have sessions for both sectionals and group instruction. Sectional will be lead by the quartet Kordal Kombat who originated within our chorus and have competed at the International Competition. We will have tags prepared to sing during break times which will allow our chorus to interact and have fun with these students. We want to make sure that the students remember the event and that they will keep in their minds that joining an organization like the West Central Connection Chorus is a fun and worthwhile endeavor.

Q073 Research Triangle Park, NC - Triangle Harmony eXplosion (THX 2019)

Jack Moody
VP Youth Outreach
moody.jack@yahoo.com

Project Description

Triangle Harmony eXplosion (THX) is a Harmony Explosion event for Middle and High School boys and girls. Public School elective music programs, in general, are under significant financial pressure in this era of diminishing funding of the arts. THX is designed to complement and support vocal music programs in both public and private schools throughout Wake and Durham Counties in NC. The requested funding will help pay for advertising and publicizing the festival, sheet music and part-predominant learning tracks, an experienced teaching Quartet, and professional vocal clinicians as instructors and coaches. The short-term goal is to attract 125 girls and boys to participate in THX. The long-term goal is to illustrate to both choral students and Music Educators (ME) that lifelong singing is an achievable reality.

The festival day will begin with warmups and sectional rehearsals, leading to rehearsing the ensembles. The day will begin at 9:00 am and the concert will be at 3:00 PM. In this concert the boys' chorus will perform two numbers, the girls' chorus will perform two numbers, and there will be a combined finale. There will be two guest choruses from Quinton School representing the same age range as the children in the festival choruses. These ensembles are the Wildcat Chord Ringers boys' ensemble and Nothing But Treble girls' ensemble. There will be two guest high school quartets performing, the Quin-Tones and Sweet Baby "Re." **Lutheran Summer Music Academy - LSM After Hours Residency**

Thomas Bandar  
Executive Director  
tbandar@lutheransummermusic.org

**Project Description**

Lutheran Summer Music Academy and Festival (LSM) seeks to engage the After Hours Barbershop Quartet for a residency during the summer of 2019. LSM is the nation’s premiere faith-based music academy for high school students. In addition to advanced musical instruction and numerous performance opportunities, LSM students form an intentional
community, living together for four weeks on a Lutheran college campus. Since 1981, this unique and immersive program has guided the lives of young musicians, who credit LSM as the starting place for their future careers and vocations.

After Hours' residency will engage the student body with one full day of workshops, information sessions, and a public concert. All students will be invited to sing in the barbershop style in a mixed choral ensemble. Pre-formed student barbershop groups will have the opportunity to work with After Hours in individual coaching sessions. After Hours members will engage the entire LSM community in a forum about barbershop singing and the career of a 21st century performing and entrepreneurial musician. The residency will conclude with a public performance with an audience from the greater Valparaiso, IN community.

**N116 Greater Oklahoma City, OK - ACA-CON 2019**

Scott Tyree  
Secretary/Treasurer  
slsfrr144@hotmail.com

**Project Description**

ACA-CON will provide an a cappella harmony training event for young men and women from local high schools in the Tulsa, Oklahoma area and Home School students from across the state of Oklahoma. There currently isn't any Youth in Harmony program in Eastern Oklahoma and the homeschool market is largely not served at all. This would be a full day event with clinician-led training and an evening performance for family and friends. There will be individual sessions for girls and guys and then combined sessions. Three choruses (Acappella Federation, Tulsa Founders, and Tulsa Metro Sound [Sweet Adelines]) will administer the event. Since we are striving to provide for under-served areas, it is hoped to obtain a grant in order to provide the event at little to no cost to the students or schools.

E007 Bloomington, Illinois - 2019 Central Illinois Youth in Harmony Festival

Doug Ferrier
Central IL YiH Executive Team
dsferrier@gmail.com

Project Description

For the last 20 years, the Central Illinois youth in harmony festival has grown to capacity. We expect to draw over 400 singers from 18 area high schools to the Bloomington Center for the Performing Arts on Oct. 24 for a full day of choral instruction, small group coaching and multiple performances by festival/host choruses, small ensembles and guest performers. Schools tell us they come to this festival to enrich their curriculum, experience quality coaching and singing. As a result, the schools use the music in their schools and our BHS and SAI groups have received festival alumni as members over the years.

The festival is completely staffed by members of the Sound of Illinois chorus (BHS), Vermillion Valley chorus (SAI), leading clinicians from BHS and SAI, and many volunteer singers and choral educators from groups throughout Central Illinois. While the choruses fundraise over $5,000 each year to help underwrite this event, we also depend upon grants such as yours to make the
Central Illinois festival a positive and memorable a cappella event.

The Central Illinois festival is facing a $6,000 gap in funding for 2018 and is seeking grants to help offset this amount. While we already have fundraising in progress, your assistance (of any amount) will help us offset this amount and continue to offer an exceptional musical experience to the youth of this area.

CAR Cardinal District - Cardinal District Harmony Explosion Camp
Kohl Kitzmiller
Camp Director
kohlkitzmiller@gmail.com

Project Description
Harmony Explosion is a four day, three-night Barbershop Harmony youth camp sponsored by the Cardinal District. The camp is held on the campus of Anderson University with students being housed in the university dorms. Over the course of four days, students will spend roughly 24 hours in rehearsal with teaching quartets and clinicians. Campers present a show for the community at the end of their camp experience. Our goal is to give students between the ages of 14 and 22 an excellent experience with highly skilled clinicians, quartets and a close-knit community of individuals through barbershop music. It is essential to the Harmony Explosion staff that every student has a positive experience singing barbershop, but also develops a close connection with other campers throughout the duration of their experience and after they leave camp. As a result of their Harmony Explosion experience, many of our past campers have pursued quartets, joined local choruses, and formed closer and deeper connections with others from camp. This is evident not only through the number of students who return to the camp, but also their own activity on social media, both of which continue to expose barbershop harmony to a greater audience. There is nothing more important to our staff than creating an all-accepting atmosphere where everyone can sing in harmony and have a wonderful experience.

- commit to music and each other (groups often form that continue for years)
- experience singing on stage with the adult barbershop community.

Approximately 40-60 students completing 8th through 12th grade attend the 3-1/2 day camp on the campus of NM Tech in Socorro, NM to learn the art of a cappella harmony taught by highly qualified and passionate singers/teachers skilled in the art-form.
